Community Job Link on Stage

During the eighth annual Really Big Show, which took place on Saturday, February 13 at The Centre, individuals who receive support through Community Job Link appeared on stage! Crystal Fetscher and Abby Pitt, along with Rudy Winderlich, Manager of Community Job Link, were in the show. Crystal is employed at Central Child Care, and Abby works at Sodexo on the campus of the University of Southern Indiana.

This exciting signature fundraising event raised over \$90,000 to benefit the programs and services of greatest need at Evansville ARC. The show was hosted by Jeff Lyons, Chief Meteorologist at 14 WFIE, and featured talented entertainers from our community.

Many thanks to the sponsors, staff, clients, friends, families, and volunteers who made this event possible. Mark your calendars for Saturday, February 12, 2011 when Jeff Lyons returns to host the ninth annual Really Big Show!

FACT:

Companies report that employees with disabilities have better retention rates, reducing the high cost of turnover. – Source: Unger, 2002

Disability Trivia:

This Classical Composer (1770 – 1827) created nine symphonies and dozens of other masterpieces, including "Ode to Joy." He also had Bipolar disorder and as an adult became deaf. Can you name him? (Answer on page 3)

Sandra Siegel – Job Development Specialist

Enthusiastic is the one word which best describes Sandra Siegel, who joined the Community Job Link (CJL) team last fall. It is this enthusiasm, combined with her sales and marketing background, which makes Sandra an excellent Job Development Specialist.

“I feel this is such a rewarding job,” Sandra says. “We help people gain independence. This can be a life changing achievement for them.” When an individual starts a new community job Sandra helps train them on their new job. But Sandra is quick to point out, “They’ve taught me much more than I’ll ever teach them. I see their patience, composure and willingness to trust in other people. I learn by their example.”

When away from work, Sandra and her husband, Charlie, stay busy with their church, and they’re constantly on the move following the hockey escapades of their two boys, Chris and Evan.

Community Job Link and our clients are fortunate to have you on our side. Welcome Sandra!

In the Spotlight – Larry Alvey

According to Chuck E. Cheese’s website, the company prides “ourselves and dedicate our efforts to always have the BEST PRODUCT in the marketplace, operated and supported by the BEST PEOPLE in the industry.” Larry Alvey definitely falls into the category of Chuck E. Cheese’s “BEST PEOPLE!” Larry recently celebrated his tenth anniversary at Chuck E. Cheese’s. He works a few hours each week during the morning before the restaurant opens. He is responsible for ensuring that the restrooms are cleaned and the floors are mopped before customers arrive for the day. Larry has limited use of his right hand, yet he is extremely thorough in his work

Larry recently celebrated his 10-year anniversary at Chuck E. Cheese’s!

and does an excellent job cleaning, all basically with the use of only one hand! According to Mark Magnus, Manager at Chuck E. Cheese’s, Larry is not just on time on his scheduled days, he is early – often arriving more than 30 minutes before he is scheduled to begin work! Magnus said, “We love having him here...He is a great employee.”

As evidence of his strong work ethic, Larry then goes to work at ARC Industries, a division of Evansville ARC, after he finishes his early morning shift at Chuck E. Cheese’s, as well as the days he is not scheduled to work at the restaurant. Larry works five days a week at ARC Industries.

Community Job Link wishes to congratulate Larry on his 10 years of employment and thank Chuck E. Cheese’s for being a great business partner!

Community Job Link Provides Answers and Training

Do you want to know more about employing individuals with disabilities? If so, Community Job Link can provide you with the answers! Through Community Job Link and our other services, Evansville ARC has more than 55 years of experience in serving individuals with disabilities.

In March, Rudy Winderlich, Manager of Community Job Link, along with Kelly Barnett, Evansville ARC's Vice President of Adult Services, and Vickie Warren, Vice President of Human Resources & Children's Services at Evansville ARC, presented a training at WorkOne Evansville entitled "Everything You Wanted to Know About Employing Individuals With Disabilities... BUT WERE AFRAID TO ASK!" During the seminar, they touched on the myths and facts of employing a person with a disability, the do's and don'ts when interviewing a person with a disability, job coaching, and several other helpful topics.

If you would like more information on employing individuals with a disability or are interested in a similar training or presentation for your company or organization, please call Rudy Winderlich at (812) 492-1204.

Rudy Winderlich talks about employing individuals with disabilities during a training in March.
